

**LEWIS E. KIMBALL SCHOLARSHIPS FOR ENVIRONMENTAL
AND MARINE STUDIES**

Scholarship Application

Friends of Chatham Waterways is offering Kimball scholarships of up to \$3,000 to graduate students and upper-level undergraduate students majoring in marine or environmental studies. It is our belief that providing grants at the graduate and undergraduate levels will enable and encourage young men and women—tomorrow’s leaders—to commit themselves to careers in these fields.

Graduate students, and undergraduate applicants entering their junior or senior year of college within the next 12 months, must be majoring in Environmental Studies, Environmental Management, Marine Sciences or associated subjects in these fields.

Applicants must be residents of Cape Cod, Martha’s Vineyard, or Nantucket or graduates of a high school or college on the Cape or Islands.

Name (print) _____

Home address _____

How can we contact you: Cell Phone _____

Phone at home _____

Email _____

School you are attending _____

Your school address

Major subject _____

Minor _____

Class (Graduate, Junior or Senior) in fall 2024 _____

Expected year of graduation _____

Anticipated degree

Anticipated employment for summer 2024

How did you hear about this scholarship (friends, family, school counselor, social media, newspaper, radio etc.)

Please provide a response on a separate sheet to the two following questions:

1. Briefly describe your educational and professional goals. What would you like to be doing in five years? What do you consider to have been your best achievements to date? What environmental action have you taken?

2. The key focus of FCW is the preservation and protection of Chatham Waterways. Please identify, either in a few paragraphs, a visual infographic or one or two powerpoint slides, one of the most pressing concerns facing the current health of our waterways and some possible ways to address/mitigate this problem with a particular focus on what individuals and small organizations like FCW might do. This can simply be a couple of narrative paragraphs describing the issues and solutions, or a more visual piece focused on key messages to address the issue, for example a sign or a poster that FCW might use in our outreach.

Please include a copy of your transcript, (ensuring it clearly shows your name) current through the most recent semester or term.

Deadline for completed applications is March 31

Applications and accompanying documents can be submitted by email to chathamwaterways@gmail.com

or by mail to:
